## **Chronicles of Eden - Act IV** Alexander Gordon

If you're a fan of epic adventures, horny monstergirls, or harem anime/manga, this is the series for you. Be warned that this story is for mature readers due to explicit content. I.E. "horny monstergirls". Daniel and his girls are on a mission, to put an end to the fighting and bloodshed in Eden, to unite humanity with monsters who can control their inner nature and be trusted allies. However, there are those who may not be convinced of this radical idea. Daniel is about to find out monsters are not all so easily swayed from their inner nature, and that some actually prefer blood over peace. Will he be able to find new allies in the world, or will his quest come to an abrupt end at the hands of a lustful monster? And perhaps just as daunting, will he be able to choose who he truly loves among his treasured companions?
