For over 100 years, the Palisades Interstate Park has provided a haven for citizens of the New York metropolitan area. The park system was originally formed to prevent quarries from desecrating the majestic lower Palisades cliffs. Few of the founders could have envisioned the growth of the parks, as land purchases multiplied northward up the Hudson River Valley. Now with over 100,000 unspoiled acres, the parks offer myriad outdoor recreational activities and historic sites that attract more visitors than many major national parks.
