## Tester of Toys Crimson Rose

Anastasia Crane is a young woman living on her parent's farm in the middle of Rome Wisconsin. After years of failing to land a job that would take her to the big city, she resigned herself to the life of a farm girl. Until she received a call from one Renee Muller with an offer of a dream job, that is. You see, Anastasia is a girl with an addiction - an addiction to toys of a very adult nature. So when Renee offered her a job as a toy tester how could she refuse? As with all things that seemed too good to be true, Anastasia's new job had a catch. And a monstrously big one at that. In order to take her dream job at DF Productions she would have to work on the infamous Domination Farm - a walled in community that catered to all things fetish and a place her father abhorred. An argument drives a wedge between father and daughter and Anastasia moves from one farm to another in order to be closer to work. Little did she know how drastically taking her dream job would alter her life and perception of the world. Life on the Domination Farm isn't an easy one even for a bare-neck such as Anastasia Crane. With the deck stacked against her will embrace life on the Farm or spiral out of control? Will she confront her father, or forget him altogether and move on with life without him in it? They say time heals all wounds, but a betrayed heart is tough to mend.
