Dialectics for the New Century

B. Ollman, T. Smith

Dialectics for the New Century B. Ollman, T. Smith

This anthology contains some of the more important Marxist thinkers now working on dialectics. As a whole the book is an unusual 'Introduction to Dialectics', a systematic restatement of what it is and how to use it, a survey of most of the main debates in the field, and a good picture of the current state of the art of dialectics.
