This beginning old-time fiddling curriculum is written in a progressive tablature format. You do not need to know how to read music! This 82-page book and CD set will help you learn to play the fiddle! The book features tablature and standard music notation for each tune as well as accompaniment chords. It is bound so that it will lie flat on your music stand with pages that are easy to turn. It also has tips on how to care for the fiddle, how to tune the fiddle, the names of the parts of the fiddle, and photo-illustrated playing technique. The included 45-track CD features all of the tunes in the book and is split-track so the fiddle part is separate from the piano accompaniment. The listener can adjust the volume of each part separately. Fiddle tuning tracks are included to help you tune your instrument. It begins with rhythms on open strings and simple nursery rhymes and includes 33 standard first position fiddle tunes. It is suitable for all ages.
