Toys James Patterson, Neil McMahon

James Bond and Jason Bourne have just been topped! A battle for the world is set into unstoppable motion and Hays Baker is the only one who can save it.

Hays Baker and his wife Lizbeth possess super-human strength, extraordinary intelligence, stunning looks, a sex life to die for, and two beautiful children. Of course they do--they're Elites, endowed at birth with the very best that the world can offer. The only problem in their perfect world: humans and their toys!

The one with the most toys--*dies*

The top operative for the Agency of Change, Hays has just won the fiercest battle of his career. He has been praised by the President, and is a national hero. But before he can savor his triumph, he receives an unbelievable shock that overturns everything he thought was true. Suddenly Hays is on the other side of the gun, forced to leave his perfect family and fight for his life.

Now a hunted fugitive, Hays is thrown into a life he never dreamed possible--fighting to *save* humans everywhere from extinction. He enlists all of his training to uncover the truth that will save millions of lives--maybe even his own. James Patterson's *Toys* is a thriller on a hyper plane--with a hero who rivals both James Bond and Jason Bourne.

From reader reviews:

Rosemarie Pickett:

What do you consider book? It is just for students since they're still students or it for all people in the world, the particular best subject for that? Only you can be answered for that concern above. Every person has distinct personality and hobby per other. Don't to be forced someone or something that they don't would like do that. You must know how great in addition to important the book Toys. All type of book could you see on many solutions. You can look for the internet sources or other social media.

Walter Crouse:

In this 21st one hundred year, people become competitive in every single way. By being competitive at this point, people have do something to make these people survives, being in the middle of the particular crowded place and notice by surrounding. One thing that occasionally many people have underestimated the item for a while is reading. Yes, by reading a book your ability to survive improve then having chance to stay than other is high. To suit your needs who want to start reading a book, we give you this particular Toys book as beginner and daily reading e-book. Why, because this book is greater than just a book.

Carmela Randle:

A lot of people always spent their own free time to vacation or perhaps go to the outside with them loved ones or their friend. Were you aware? Many a lot of people spent many people free time just watching TV, or playing video games all day long. If you would like try to find a new activity honestly, that is look different you can read the book. It is really fun for yourself. If you enjoy the book that you just read you can spent 24 hours a day to reading a publication. The book Toys it is rather good to read. There are a lot of folks that recommended this book. They were enjoying reading this book. When you did not have enough space bringing this book you can buy typically the e-book. You can m0ore easily to read this book through your smart phone. The price is not to fund but this book provides high quality.

Harry Anderson:

Do you like reading a publication? Confuse to looking for your chosen book? Or your book ended up being rare? Why so many issue for the book? But almost any people feel that they enjoy regarding reading. Some people likes studying, not only science book and also novel and Toys or even others sources were given know-how for you. After you know how the good a book, you feel want to read more and more. Science e-book was created for teacher or even students especially. Those publications are helping them to include their knowledge. In different case, beside science guide, any other book likes Toys to make your spare time considerably more colorful. Many types of book like here.
