Kip Carey's Official Colorado Fishing Guide, 2nd Edition

Kip Carey

Kip Carey's Official Colorado Fishing Guide, 2nd Edition Kip Carey

The book known by many as the "Fisherman's Bible", Kip Carey's Official Colorado Fishing Guide, has been revised and improved for 2003. Besides the new picture of the cutthroat from Rocky Mountain National Park on the cover, changes have been made inside the book as well – additional waters from around the state have been added, updated information on the impact of the drought and fires of 2002, fish species listings have been revised for the entire state of Colorado; trailhead names, trail numbers, road names, and road numbers have been extensively updated; new, concise and more detailed maps have been included; and the last major improvement is an enhanced and expanded index. Kip Carey's Official Colorado Fishing Guide continues to be the most complete and comprehensive angling guide for Colorado available with descriptions for over 3,000 reservoirs, lakes, ponds, creeks, and rivers...in other words the whole state of Colorado is contained in this handy guide.

Angling in Colorado has changed over the last few years as a result of drought, fires, public access, availability of whirling disease free fish, hatchery production, and new policies for stocking native cutthroat in more of Colorado's waters. As a result anglers will find this revised guide invaluable whether fly-fishing, spin-fishing, bank-fishing, boat-fishing, or even hiking and backpacking. The revised 2nd edition keeps with the traditions started by Tim Kelley 48 years ago with the basic format of the book remaining the same and updating done with the assistance from the hard working people from the Colorado Division of Wildlife, U.S. Forest Service, Bureau of Land Management, U.S. Park Service, Department of Reclamation, local fishing stores, and everyday anglers from around the state of Colorado.
