For courses in Marriage and Family

Exploring How Society Impacts Our Personal Connections in the Modern World

Marriages, Families, and Intimate Relationships explores the question: can we still find intimate relationships in our complex world? Through an examination of the influences imposed upon modern life – an unpredictable economy, globalization, computerization, the all-pervasive media, etc. – the text attempts to pass along lessons that help students make lasting personal connections. The **Fourth Edition** discusses fundamental concepts and insights across social science disciplines to answer the questions that greatly matter to students. Students are engaged by high-interest, extremely useful information that blends the authors' combined strengths: teaching, consulting, counseling, researching, and publishing. The text is based in research yet remains highly readable, exploring topics of great interest to students' personal lives such as intimacy, family, and personal happiness in the context of their distracted, visually oriented world.

Marriages, Families, and Intimate Relationships: A Practical Introduction, Fourth Edition is also available via **REVEL™**, an interactive learning environment that enables students to read, practice, and study in one continuous experience.
