Guide to Biblical Coins David Hendin, Herbert Kreindler

Fifth edition of the bestselling reference book in the field of ancient Judaeen and Biblical coins appears almost 25 years after the book's first edition. Already more than 14,000 copies of various editions of Hendin's *Guide to Biblical Coins* are in print. Hendin has fully revised and updated the fifth edition to reflect archaeological discoveries, and the work of a new generation of numismatists who specialize in this field. He has added a complete, illustrated catalog of the Judaea Capta series and a concordance to other major references.

Also new to the fifth edition are numerous end notes with references and incidental commentary, a full index, an index of Latin inscriptions, and extensive new research by the author which enhances understanding for both student and scholar.

New graphics and photo composites help explain and supplement the text, which is aimed at both collectors and scholars. Since his 1967 year-long stay in Israel as a volunteer of the Six Day War, Hendin has remained in constant touch with numismatists, historians and archaeologists around the world in order to gather information for his books and articles. Updated values by Herbert Kreindler.
