McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.
- LearnSmart® Prep is a super adaptive product that quickly and efficiently prepares students for a college level course.

Complete system requirements to use Connect can be found here:

From reader reviews:

Barbara Marburger:

As people who live in the modest era should be update about what going on or info even knowledge to make these keep up with the era which can be always change and advance. Some of you maybe will probably update themselves by studying books. It is a good choice in your case but the problems coming to you actually is you don't know which you should start with. This Connect 2 Year Access Card for Chemistry is our recommendation to make you keep up with the world. Why, because this book serves what you want and want in this era.

Thomas Abrams:

Nowadays reading books are more than want or need but also turn into a life style. This reading habit give you lot of advantages. Advantages you got of course the knowledge your information inside the book that will improve your knowledge and information. The information you get based on what kind of reserve you read, if you want drive more knowledge just go with education books but if you want experience happy read one having theme for entertaining for instance comic or novel. The particular Connect 2 Year Access Card for Chemistry is kind of guide which is giving the reader erratic experience.

Betty Walsh:

Spent a free time for you to be fun activity to try and do! A lot of people spent their spare time with their family, or their friends. Usually they performing activity like watching television, going to beach, or picnic inside the park. They actually doing same every week. Do you feel it? Will you something different to fill your current free time/ holiday? Might be reading a book may be option to fill your no cost time/ holiday. The first thing that you ask may be what kinds of publication that you should read. If you want to consider look for book, may be the reserve untitled Connect 2 Year Access Card for Chemistry can be fine book to read. May be it is usually best activity to you.

Dominic Maddock:

Playing with family in a park, coming to see the sea world or hanging out with close friends is thing that usually you could have done when you have spare time, then why you don't try matter that really opposite from that. 1 activity that make you not feeling tired but still relaxing, trilling like on roller coaster you already been ride on and with addition info. Even you love Connect 2 Year Access Card for Chemistry, you could enjoy both. It is great combination right, you still would like to miss it? What kind of hangout type is it? Oh can happen its mind hangout guys. What? Still don't have it, oh come on its named reading friends.
