A literary and visual feast, this 8.5" x 11" 603 page hardcover celebrates the first seventy-five years of Jack Williamson's career in Science Fiction. From "The Metal Man" in 1928 to his recent Hugo and Nebula Award-winning novella "The Ultimate Earth," inside are some of the best of Williamson's stories, including excerpts of such classic novels as *The Legion of Space*, *Golden Blood* and *The Legion of Time*.

Also included are several never-before-published gems such as a vintage 1930s tale "The Crystal Castle," a collaboration with long-time friend Edmond Hamilton, and a story originally commissioned for *Last Dangerous Visions*, "Previews of Hell."

Sidebars with essays, correspondence, and articles are decorated with over 300 book and magazine covers and interior illustrations. A full-color 32-page section features an illustrated timeline of the author's career, and reprints a complete story arc from Jack Williamson and Lee Elias' 1950s Sunday comic strip, *Beyond Mars*. *Seventy-Five: The Diamond Anniversary of a Science Fiction Pioneer* also features a foreword by award-winning author Connie Willis and an introduction by a fellow pioneer, Sir Arthur C. Clarke.
