Ann Eller, who worked with Dr. J. Allen Hynek, the father of UFO-alien research, has a unique perspective on the UFO enigma. Her fascinating story also revisits her days in the White House during the Clinton administration, as a medevac nurse for the Peace Corps, and her exceptional encounters with other-worldly beings. An incredible contact in Laramie, Wyoming left Ann with a message to tell the world. She clearly and powerfully articulates what mankind must do in the coming days to live consciously. In this book Ann challenges our assumptions about our daily life, warns us about what is on the very near horizon and stresses the need for dramatically improving the quality of our relationships to each other and to the Divine.
