## **History of the Wyandott Mission, at Upper Sandusky, Ohio, Under the Direction of the Methodist Episcopal Church (Classic Reprint) James B. Finley**

The Wyandott mission was the first established by the Methodist Episcopal Church on our frontier, for the benefit of the Indians. Here it was satisfactorily ascertained that the Gospel and grace of God could effectually change the heart of savage man reclaim him from ignorance and sin, and confirm him in the practice of virtue and religion. And such was the signal and extraordinary success of this mission, that it encouraged the Church to devise extensive plans for the conversion of other Indian nations, and excited a confidence and liberality adequate for their accomplishment: so that all our missions now among the Indians may be said, in some sense, to have had their origin in the successful experiment made at Upper Sandusky. As this work treats of subjects deeply interesting to the Christian public, especially to all the friends of missions; and as the author is generally and favorably known, we anticipate for it a very extensive circulation. It may be proper for us to say, in conclusion, the history we now present to the public has been revised for the press, under the direction of the publishers; and although the phraseology has been changed in some places, yet no change has been made to vary the sense of the facts as narrated by the author. We trust this volume will be perused by many with much satisfaction; and that it will greatly subserve the interests of the missionary cause. Publishers. Cincinnati, April 8, 1840.
