More Pennsylvania Wildlife Tails: A Game Warden's Notebook II William Wasserman

This is the perfect companion to Wasserman's first book, *Pennsylvania Wildlife Tails*. The author spent a half-century of his life in the outdoors, and in that time he collected hundreds of amusing anecdotes about people interacting with animals. However, Wasserman also found that our furred and feathered friends can act in humorous and bewildering ways on their own, without any help from us humans. With the assistance of an outstanding cartoon artist, Wasserman has succeeded in conveying these true stories in ways that will delight all readers from age eight to eighty-eight. So pull up a chair, sit back and get ready for a good case of the giggles. But be prepared, for this book was written not only to make you laugh but to make you think as well.
