Time's Equation (Alysian Universe) (Volume 8) Sheron Wood McCartha

An odd murder takes place in the middle of a dance floor. Revenge? A love triangle? The wrong person? But in the Alysian Universe, it could be time travelers changing everything. Kayse Telluria investigates. His search leads him to yet another murder and time travelers. In order to track down the assassins, he follows them through a time gate where he discovers shocking events and an unexpected future. As Tempest Steele watches Kayse disappear into the time gate, she follows him, vowing rescue. Instead, she creates chaos that ripples down into her own present. To set events onto the right path, a bit of math is involved. Richard Steele discovers a cluster of equations that not only predict the future, but also manipulate it, requiring him, along with Kayse and Tempest, to attempt several dangerous tasks. Many lives are put at stake and not all escape time's judgement. An thrilling murder mystery with a science fiction twist to the usual "Who done it?"
