Why not help the aspiring model, by giving suggestions, precautions, advice, and constructive criticism?, any information offered can be very helpful when doing amateur modeling. A new experience can be very blind, stressful, and nerve racking to a novice, I wrote this book "Male Modeling for Amateurs", with the beginner in mind, it gives them a starting point in which to begin their interest, along with tips and suggestions to help them along the way. Male Modeling for Amateurs, an Uncensored Guide. Ive had the pleasure to shoot many wonderful everyday people and also been fortunate to photograph several competing "natural" body builders, a real published "Playgirl" model , a nationally ranked boxer, and an aspiring stage actor, and many more interesting people! This book is directed at and written for the average guy of all ages, big, small, short, tall, young or old, who have always wanted to try amateur male modeling and pose for photographers, artists, and painters,etc. . Doesn't matter if you're a student, accountant, cashier, mechanic, bartender, construction worker, military, landscaper, unemployed, or even retired, anyone can be an amateur model. Please remember that this book is being written with "YOU" in mind and that anything said is designed to help you, no matter if this is just going to be a hobby or side thing, or you one day have hopes of breaking in to professional modeling in the hopes of it becoming a career. *No matter where you live, most likely there are professional and amateur photographers, artists, painters, etc., and they all may need male models to pose for them.* Some of this information also applies to being a more professional model, I have chosen to use a much more down to earth approach, because it seems in many circumstances however crude that this is more understandable to younger men, although I am speaking to all ages. I wrote this book for the everyday guys out there, whom would like to consider male modeling as a side job or hobby, a few times a month or maybe as a weekend thing. Supermodels travel and so can You!, if your in the right place at the right time! Side modeling can be fun and also put a little extra cash in your pocket! This is meant to be a straightforward uncensored guide to amateur male modeling, I'm going to talk about the possibilities, the benefits and pitfalls, including the stuff no one ever mentions.**
