Re-Imagining Capitalism

Re-Imagining Capitalism

Capitalism has been an unprecedented engine of wealth creation for many centuries, leading to sustained productivity gains and long-term growth and lifting an increasing part of humanity out of poverty and subsistence. But its effects, and hence its future, have come increasingly under question: Is capitalism still improving the wealth and well-being for the many? Or, has it become destructive for the economy, where long-term value creation is being sacrificed to the pressures of short-termism; for society, where the gap between rich and poor has increased and opportunities to lift oneself out of poverty have dwindled; and for the natural environment, which seems increasingly under threat with unforeseen consequences for prosperity and global order?

This volume reflects both the urgency of the needed action and the opportunity to achieve a wide-ranging agreement and lasting movement towards a more responsible, equitable, and sustainable model of capitalism in order to ensure its very survival. The volume is unique in that it brings together many of the leading proponents for a reformed, re-imagined capitalism from the fields of academia, business, and NGOs. Its contributors have been at the forefront of thought and action in regard to the future of capitalism. Both individually and collectively, they provide powerful suggestions of what such a long-term oriented model of capitalism should look like and how it can be achieved. Drawing on their research and/or professional experience, they write in an accessible way aiming to reach the broad audiences required to turn a re-imagined capitalism into a reality.

From reader reviews:

John Thornton:

As people who live in the actual modest era should be up-date about what going on or info even knowledge to make these people keep up with the era and that is always change and progress. Some of you maybe may update themselves by examining books. It is a good choice for you personally but the problems coming to you actually is you don't know what kind you should start with. This Re-Imagining Capitalism is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and wish in this era.

Lynn Groff:

Information is provisions for those to get better life, information these days can get by anyone from everywhere. The information can be a understanding or any news even an issue. What people must be consider any time those information which is within the former life are challenging be find than now's taking seriously which one is suitable to believe or which one typically the resource are convinced. If you obtain the unstable resource then you get it as your main information you will have huge disadvantage for you. All of those possibilities will not happen in you if you take Re-Imagining Capitalism as your daily resource information.

Eugene Ruano:

The book with title Re-Imagining Capitalism has a lot of information that you can study it. You can get a lot of advantage after read this book. That book exist new knowledge the information that exist in this publication represented the condition of the world today. That is important to yo7u to find out how the improvement of the world. This kind of book will bring you with new era of the internationalization. You can read the e-book on your smart phone, so you can read this anywhere you want.

Elisa Dumont:

This Re-Imagining Capitalism is great reserve for you because the content that is certainly full of information for you who always deal with world and have to make decision every minute. This particular book reveal it info accurately using great coordinate word or we can state no rambling sentences inside it. So if you are read this hurriedly you can have whole data in it. Doesn't mean it only offers you straight forward sentences but hard core information with attractive delivering sentences. Having Re-Imagining Capitalism in your hand like finding the world in your arm, info in it is not ridiculous 1. We can say that no reserve that offer you world in ten or fifteen second right but this publication already do that. So , this can be good reading book. Hey there Mr. and Mrs. busy do you still doubt this?
