## **Sting - Memoirs: Escape Artist** Sting

"Having been a songwriter most of my life, condensing my ideas and emotions into short rhyming couplets and setting them to music, I had never really considered writing a book, but upon arriving at the reflective age of fifty, I found myself drawn, for the first time, to write long passages that were as stimulating and intriguing to me as any songwriting I had ever done. And so 'Broken Music' began to take shape. It is a book about the early part of my life, from childhood through adolescence, right up to the eve of my success with the Police. It is a story very few people know. I had no interest in writing a traditional autobiographical recitation of everything that's ever happened to me. Instead I was drawn to exploring specific moments, certain people and relationships, and particular events which still resonate powerfully for me as I try to understand the child I was, and the man I became."
