**They're friends online - but can they be more in real life?**

Writer Tara McFadden has been friends with artist and drummer Hector Fernandez for years, long before his band became famous on reality TV - yet they've never met in person. They finally have a chance to connect offline when they're both sent to Comic-Con to promote the graphic novel they collaborated on.

Hector's secretly been in love with Tara for as long as he can remember, and once they meet, she sees him in a new light. All the years of longing lead to an incredible night of passion after one of his concerts, but neither is sure if their online relationship can translate into a real life romance - or if this will ruin their friendship forever.

Over four crazy days at Comic-Con, Hector and Tara must decide if they want a future together. But when their story seems to be over, it's up to Hector's entire band to make sure he and Tara get their happy ending.
