ICONNoun - An object of uncritical devotion: idol.

When the worst economic downturn since the Great Depression plunges America into despair, a previously little-known but charmingly charismatic politician rides into the White House on a mantra of *Expectation and Transformation*.

What will be the ultimate price to be paid for massive government bail-out programs and an ever increasing level of government intrusion into American lives?

As biblical prophecy unfolds, nationally-syndicated radio host and political commentator Tom Beckett senses that all is not as it seems; that the story behind the story is much more complex than most Americans imagine.

But even he is not prepared for the sinister forces he encounters in the world of *ICON*. His life, his family, his nation, and the world stand on the brink of the abyss.
