Something hidden is sending a siren song out into the world, seeking help, and enticing those who can hear with tales of Jewel, a beautiful young woman, and her struggles on a nineteenth century plantation in America's deep South. Young lovers Ffion and Geraint find themselves drawn across the sea from North Wales to Nevada and then to New York ... and in that city, Mariele Cole also hears the siren song and is compelled to speed up the demolition of an old building to make way for a new high-rise ... as something is buried beneath. Meanwhile in Stockholm, John Noble and Father Declan use the resources of the Knights Templar to search for a missing vampire family and their former colleague Anthony.
