Medieval Warfare: A History

Medieval Warfare: A History

This finely illustrated book explores over seven hundred years of European warfare, from the time of Charlemagne through to the end of the Crusades. The period covered has a distinctive character in military history, being an age when organization for war was integral to social structure, when the secular aristocrat was by necessity also a warrior, and whose culture was profoundly influenced by martial ideas. Twelve scholars, each expert in his own field, have contributed to this survey, which is divided into two parts. Part I seeks to explore the experience of war viewed chronologically with separate chapters on, for instance, the Viking age, the wars and expansion of the eleventh and twelfth centuries, the Crusades, and the great Hundred Years War between England and France. The chapters in Part II trace thematically the principal developments in the art of warfare. In both parts of the book, the overall aim has been to offer the reader an impression, not just of the where and the when of great confrontations, but above all of the social experience of warfare in the middle ages, and of the impact of its demands on human resources.

From reader reviews:

Randy Scott:

As people who live in the actual modest era should be up-date about what going on or info even knowledge to make these individuals keep up with the era and that is always change and advance. Some of you maybe may update themselves by studying books. It is a good choice in your case but the problems coming to you is you don't know what type you should start with. This Medieval Warfare: A History is our recommendation so you keep up with the world. Why, because book serves what you want and need in this era.

Lavada Rowlett:

Reading can called mind hangout, why? Because if you find yourself reading a book mainly book entitled Medieval Warfare: A History your brain will drift away trough every dimension, wandering in each and every aspect that maybe unidentified for but surely will become your mind friends. Imaging each word written in a e-book then become one form conclusion and explanation which maybe you never get prior to. The Medieval Warfare: A History giving you another experience more than blown away the mind but also giving you useful info for your better life on this era. So now let us demonstrate the relaxing pattern this is your body and mind will be pleased when you are finished looking at it, like winning an activity. Do you want to try this extraordinary wasting spare time activity?

Ronnie Chaney:

Don't be worry in case you are afraid that this book can filled the space in your house, you can have it in e-book technique, more simple and reachable. This specific Medieval Warfare: A History can give you a lot of good friends because by you taking a look at this one book you have factor that they don't and make an individual more like an interesting person. That book can be one of a step for you to get success. This book offer you information that perhaps your friend doesn't realize, by knowing more than other make you to be great men and women. So , why hesitate? Let me have Medieval Warfare: A History.

Verna Krell:

As a university student exactly feel bored to help reading. If their teacher requested them to go to the library or make summary for some publication, they are complained. Just minor students that has reading's heart and soul or real their interest. They just do what the teacher want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that reading through is not important, boring and can't see colorful pics on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Medieval Warfare: A History can make you sense more interested to read.
