On-Call Geriatric Psychiatry: Handbook of Principles and Practice

On-Call Geriatric Psychiatry: Handbook of Principles and Practice

This text covers basic principles and practice of on-call psychiatric care in the geriatric patient in various medical settings. It compiles the most likely complaints and provides assessment and management tools for each situation. Written and edited by expert geriatric psychiatrists, emergency psychiatrists, consultation/liaison psychiatrists, geriatricians, and other multidisciplinary specialists, this is the first handbook devoted to on-call geriatric psychiatry. Chapters contain an important summary of key points for managing clinical situations, case studies, and reflective questions. This text brings together relevant principles of on-call geriatric psychiatry provided in clinical settings such as emergency, acute and subacute inpatient, outpatient, residential, correctional, and consultation/liaison. It includes clinical topics such as psychopharmacology, psychotherapy, substance abuse, and includes coverage of medical ethics and the law, utilization of contemporary technology, and administrative and public health policy.

On-Call Geriatric Psychiatry is the first practical guide to knit together evidence-based medicine and geriatric psychiatric principles and practice guidelines and is a valuable resource for trainees, psychiatrists, geriatricians, emergency departments, nursing home physicians, and other health professionals working with older adult patients.

Luis Gray:

Often the book On-Call Geriatric Psychiatry: Handbook of Principles and Practice has a lot of knowledge on it. So when you read this book you can get a lot of help. The book was written by the very famous author. The writer makes some research just before write this book. This kind of book very easy to read you can obtain the point easily after reading this book.

Sonia Shipley:

Is it an individual who having spare time then spend it whole day by watching television programs or just laying on the bed? Do you need something new? This On-Call Geriatric Psychiatry: Handbook of Principles and Practice can be the respond to, oh how comes? A fresh book you know. You are thus out of date, spending your time by reading in this brand-new era is common not a geek activity. So what these textbooks have than the others?

Jacqueline Carter:

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library in order to make summary for some book, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that reading is not important, boring as well as can't see colorful pics on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this On-Call Geriatric Psychiatry: Handbook of Principles and Practice can make you feel more interested to read.
