How would you go about describing things which have no existing terminology even in today's modern era? Obviously you would be forced to communicate in terms that you understand. You would use symbolism based on what existed in your own time, and as a result the meaning of much of the symbolism used may not be clearly understood. This may be what John the apostle experienced when he wrote the book of Revelation. For almost 19 centuries the book of Revelation was considered a closed book that Christians were instructed to believe in by faith. So it was -- until the events referred to began to transpire and continued to take place with alarming speed. In this book, *Revelation Visualized*, Dr. Cohen and Dr. Salem Kirban offer crystal-clear and current explanations of the last book of the Bible. This verse-by-verse commentary will unfold the hidden meanings of much of the symbolism found in Revelation and make it possible for you to understand God's ultimate plan to save humanity.
