This back-to-basics guide by investment guru John E. Girouard reveals how investment industry sales people give shoddy advice and sell poorly-designed investment "products" aimed at enriching themselves and their firms at customers' expense. *"The Ten Truths of Wealth Creation* is not a recipe for getting rich, but an honest look at the common mistakes many make in thier financial lives, and how readers can unlock the natural money-growing opportunities that those selling investment "products" never talk about. Girouard explains how income is often taxed multiple times, how financial choices can minimize those taxes, and how those saved dollars can add up and grow wealth. Girouard shows how simple, common sense choices can help readers reach their money goals sooner and safer, in good times and bad.
