If you're going to write a book about worlds with no answers, phenomenon that scientists can't explain and skeptics can't fathom--you'd better do it with the right equipment--the eye of a journalist, the voice of a novelist, an open mind and compassionate heart. In *Looking for the Other Side*, writer Sherry Suib Cohen is perfectly outfitted with these tools in her exploration of the world of the occult.

It all begins when Cohen, a journalist, takes an assignment to try and contact the spirit of her deceased mom. In her searching, she meets astrologers, past-life channelers, numerologists, psychics, and a host of other practitioners eager to put her in touch with her past, her future, and her heretofore unexplored spiritual self.

"Cohen will hook readers with her determination, wit, generosity and astonishing willingness to try anything. In the end, her personal odyssey becomes ours, and even the most devoted skeptics will find themselves rethinking what might and what might not be possible."

--Betsy Carter, Editor-in-Chief, *New Woman* magazine

"When I saw the words know thyself carved above the Oracle's gate at Delphi, I shivered--and didn't understand why. Now, I understand. Knowing myself would mean suspending judgment, would mean tapping into banks of information I never before thought relevant to my pragmatic lifestyle. Well, I've tapped. This book is the result," writes Sherry Suib Cohen.

And in a spirited narrative, Cohen tells us about her experiences wherein she confronts death, blame, forgiveness, faith, truth, and family, in addition to Mom. When readers finish this personal odyssey and guidebook into the unknown, they may decide, just as Cohen did, that there's something to these otherworldly spheres after all.
