Safe Comp 97: The 16th International Conference on Computer Safety, Reliability and Security
The safe and secure operation ofcomputer systems continues to be the major issue in many applications where there is a threat to people, the environment, investment or goodwill. Such applications include medical devices, railway signalling, energy distribution, vehicle control and monitoring, air traffic control, industrial process control, telecommunications systemsand manyothers. This book represents the proceedings of the 16th International Conference on Computer Safety, Reliability and Security, held in York, UK, 7-10 September 1997. The conference reviews the state ofthe art, experience and new trends in the areas of computer safety, reliability and security. It forms a platform for technology transfer between academia, industry and research institutions. In an expanding world-wide market for safe, secure and reliable computer systems SAFECOMP 97 provides an opportunity for technical developers, users and legislators to exchange and review the experience, to consider the best technologies now available and to identify the skills and technologies required for the future. The papers were carefully selected by the Conference International Programme Committee. The authors of the papers come from twelve different countries. The subjects covered include safe software, safety cases, management & development, security, human factors, guidelines standards & certification, applications & industrial experience, formal methods & models andvalidation, verification and testing. SAFECOMP '97 continues the successful series of SAFECOMP conferences first held in 1979 in Stuttgart. SAFECOMP is organised by the European Workshop on Industrial Computer Systems, Technical Committee 7 on Safety, Security and Reliability (EWICS TC7).

From reader reviews:

Matthew Dealba:

Book is to be different for each grade. Book for children until finally adult are different content. As we know that book is very important for us. The book Safe Comp 97: The 16th International Conference on Computer Safety, Reliability and Security seemed to be making you to know about other know-how and of course you can take more information. It doesn't matter what advantages for you. The publication Safe Comp 97: The 16th International Conference on Computer Safety, Reliability and Security is not only giving you much more new information but also to become your friend when you feel bored. You can spend your spend time to read your e-book. Try to make relationship with the book Safe Comp 97: The 16th International Conference on Computer Safety, Reliability and Security. You never really feel lose out for everything when you read some books.

Glenn Bail:

Now a day people that Living in the era exactly where everything reachable by interact with the internet and the resources inside can be true or not demand people to be aware of each facts they get. How individuals to be smart in receiving any information nowadays? Of course the reply is reading a book. Reading a book can help folks out of this uncertainty Information especially this Safe Comp 97: The 16th International Conference on Computer Safety, Reliability and Security book because this book offers you rich information and knowledge. Of course the data in this book hundred per-cent guarantees there is no doubt in it you know.

Peter Beaton:

Are you kind of stressful person, only have 10 or 15 minute in your morning to upgrading your mind proficiency or thinking skill possibly analytical thinking? Then you are receiving problem with the book as compared to can satisfy your short space of time to read it because this time you only find reserve that need more time to be learn. Safe Comp 97: The 16th International Conference on Computer Safety, Reliability and Security can be your answer because it can be read by anyone who have those short free time problems.

Eugene Howard:

Reading a e-book make you to get more knowledge from that. You can take knowledge and information from the book. Book is composed or printed or descriptive from each source in which filled update of news. In this particular modern era like right now, many ways to get information are available for a person. From media social such as newspaper, magazines, science guide, encyclopedia, reference book, fresh and comic. You can add your knowledge by that book. Isn't it time to spend your spare time to spread out your book? Or just looking for the Safe Comp 97: The 16th International Conference on Computer Safety, Reliability and Security when you desired it?
