## **Sons in the Son: The Riches and Reach of Adoption in Christ** David B. Garner

Rarely addressed throughout church history, the doctrine of adoption has seen fresh attention in recent years. Although valuable, contemporary studies have focused primarily on etymological, cultural, and pastoral considerations, giving little to no attention to vital systematic theological concerns.

In this groundbreaking work, Professor David Garner examines the function of adoption in Pauline thought: its relationship to the doctrines of Christ, the Holy Spirit, eschatology, and union with Christ, as well as its primary place among the other benefits of salvation.

Adoption frames Pauline soteriology, Garner argues, and defines the Trinitarian, familial context of redemption in Christ, the Son of God. Properly understood, adoption's paradigm-shifting implications extend deep and far.

Endorsed by Joel R. Beeke, Dan Cruver, Richard B. Gaffin Jr., Howard Griffith, Nancy Guthrie, Russell Moore, Harry L. Reeder, and Guy Prentiss Waters.
