One of the most original shows in the history of television, *Mystery Science Theater 3000* is a beloved cult hit built on the back of another cult phenomenon: the bad movie. The show's premise involved a man and some robots watching cheesy movies and cracking jokes. Over its 197 episodes, *MST3K* developed a passionate fan base that took it from a local UHF show in Hopkins, Minnesota, to a major motion picture. This is the story of *MST3K* from the beginning to the end. Twelve of the episodes are covered, giving an in-depth look at the show, its ethos and its comedic style. The films screened in these episodes are discussed critically, as are the episodes themselves.
