The Presents of Eagles: Lessons in Life, Love, Mentoring and Other Meaningful Relationships (Volume 1) Lora Reed

One of the most beautiful New Testament Bible scriptures instructs us to, “Look at the birds of the air; they do not sow or reap or store away in barns, and yet our heavenly Father feeds them. Are you not much more valuable than they?” (Matthew 6: 26 NIV). This book is an attempt to consider lessons learned from watching a family of eagles in the context of a Florida Nature preserve during the first decade of the 21st century. Clearly, it is not the first book to ponder such lessons; nor will it be the last. However, the book shares a unique perspective. It is a fictionalized account of how people’s lives were touched, transformed in some cases, by a family of eagles who graciously reminded them of many important life lessons. Some of the stories are true, but dates, names and personal information about the people and the Preserve have been changed to protect individual privacy.
