Your Child's Medical Journal: Keeping Track of Your Child's Personal Health History from Conception Through Adulthood Sharon Larsen

Instant access to potentially life--saving medical information!

It's often difficult to remember all the details of your child's medical care, particularly if you have more than one child or when there are multiple medical conditions to deal with. By using this workbook to keep track of your child's medical history, you will always be in a powerful position to work with physicians to achieve the best and most appropriate health care for your child--especially in emergency situations.

Far more comprehensive than the typical "baby record" books, **Your Child's Medical Journal** spans the entire period from conception to adulthood, and it provides ample space for easily recording the following:

Family medical history

Pregnancy record and calendar

Delivery and postnatal record

Routine doctor visits for preventative health care

Short-term illness record

Complete medications record

Complete immunization record

Growth record and charts

Allergy record

Vision and hearing records

Injury, radiological, hospitalization, and surgical records

Dental and orthodontic records

Keep all your child's medical records at your fingertips with this easy-to-use journal.
