A stylish diary with dates from across worldwide radical history

The largest independent radical publishing house in the English-speaking world has been publishing key books of international history and politics for the Left for almost fifty years.

The 2017 Verso Radical Diary is not just a beautifully designed week-to-view planner where you can keep track of your coming year, including international holidays, it also includes significant dates in radical history from Spartacus to #blacklivesmatter—from the English Civil War to the American War of Independence, the Russian Revolution, slave rebellions and the movements of '68, and from the labour movement to Occupy.

The body of the diary is cleanly set apart to prioritize utility, while the marginalia is brought to life through beautiful illustrations, galvanizing quotes, and grounding context. The 2017 Verso Radical Diary is the perfect resource for the politically conscious to stay historically in-the-know through the everyday use of a beautifully designed, grab-and-go personal planner.
