## **A Piece of the Mountain:The Story of Blaise Pascal** Joyce Mcpherson

A biography of one of the most important scientists and mathematicians of the 1600's. Not only was he a brilliant scientist, but he was converted to Christianity as an adult and became a devoted apologist for the Christian faith. Of special interest to home schooling families, this book recounts the recognition by Pascal's father of his remarkable talents and the provisions he made for his son's education - one of the earliest and most successful examples of home schooling! For Christians, the account of Pascal's conversion is particularly moving as well as Pascal's immediate response to share the Gospel with his father, his sister and even with the nobleman who was his financial patron. This book is written on a 5th-6th grade reading level, but younger children will enjoy having it read out loud to them.
