Advanced Qualitative Research: A Guide to Using Theory

Michelle O'Reilly, Nikki Kiyimba

Advanced Qualitative Research: A Guide to Using Theory Michelle O'Reilly, Nikki Kiyimba

This distinctive, nuanced book addresses the more complex theoretical issues embedded in the qualitative research paradigm. Adopting a reflective stance that emphasises the role of the researcher it carefully avoids a standardised 'tick box' approach to methods.

Throughout each chapter, theory is powerfully and persuasively interwoven as its impact on practical topics such as data management and safety in the field is discussed. O'Reilly and Kiyimba bring an authority and clarity to the debate, taking us beyond the mechanical notions of qualitative methods and standardised approaches to research. Instead, they focus on subjects like methodological integrity, perspective driven data collection and theoretically-led analysis.

This will be an important resource for anyone looking to practically engage with advanced qualitative research methods.
