Case Studies in Community Health Jo Fairbanks, Judith Candelaria

Case Studies in Public and Community Health presents 14 classroom-tested case study scenarios, including background information and discussion questions. The overall purpose of the book is to help students understand that public health practice occurs in a social context, and is subject to all the complexities of a social environment. The book can be used as a textbook supplement to Jo Fairbanks William H Wiese's, **The Public Health Primer** (SAGE, 1997); it can also be used on its own, or as a supplement to other textbooks in the field.
