This book is different from other books that you might have used. At the same time elements of it will be familiar if you have enjoyed using adult coloring books, journals or other spiritual resources. What this book does is combine together elements from each of these. This hybrid approach will allow you to interact with the sacred in a variety of ways. Inside this book, you will be taken to eight different sacred spaces to explore a window that is in that place. You will be invited to color that window, learn a little about that sacred location and the type of sacred window that it is, to re-explore coloring the window with some new questions and knowledge in your mind, and then final to capture some of your reflection. As you go on these journeys, the hope is that it will deepen your faith, even a little. In fact, you can gain some of this benefit even if you only do part of the activities. How will this be helpful on your journey? What questions will be generated from thinking about sacred windows and their messages to you and others.
