Kiki's world is turned upside down when her partially deaf mother loses custody of her children, sending Kiki and her siblings into foster care. After running away with a friend, the two run straight into the arms of a pedophile in disguise, who lures the two girls into a life far too mature for their twelve-year-old minds. Held in captivity for months, the girls are finally set free when a neighbor exposes them. But what should have been a happy moment for Kiki actually sends her on a life path that quickly spirals out of control.
