The Andreasson Legacy DEL

Decades of enduring investigation into the alien contacts involving the extraordinary Fowler and Andreasson families culminates in this complete, in-depth, and comprehensive analysis of the relationship of aliens to human beings. All direct communication between the aliens and the Andreassons is isolated and carefully examined to produce the core message within these exchanges. As the Andreasson Legacy demonstrates, paranormal events are often family affairs. Newly published material, including Betty Andreasson's revelatory illustrations of aliens, introduces the new reader to UFO and other paranormal phenomena.
