I Think I Am: Philip K. Dick

Laurence A. Rickels

I Think I Am: Philip K. Dick Laurence A. Rickels

For years, noted writer Laurence A. Rickels often found himself compared to novelist Philip K. Dick—though in fact Rickels had never read any of the science fiction writer's work. When he finally read his first Philip K. Dick novel, while researching for his recent book *The Devil Notebooks*, it prompted a prolonged immersion in Dick's writing as well as a recognition of Rickels's own long-documented intellectual pursuits. The result of this engagement is *I Think I Am: Philip K. Dick*, a profound thought experiment that charts the wide relevance of the pulp sci-fi author and paranoid visionary.

I Think I Am: Philip K. Dick explores the science fiction author's meditations on psychic reality and psychosis, Christian mysticism, Eastern religion, and modern spiritualism. Covering all of Dick's science fiction, Rickels corrects the lack of scholarly interest in the legendary Californian author and, ultimately, makes a compelling case for the philosophical and psychoanalytic significance of Philip K. Dick's popular and influential science fiction.
